September 2015

**Attorney General's Report on Investigation of Planned Parenthood
of the St. Louis Region and Southwest Missouri**

I. Introduction

Members of the public and members of the General Assembly asked this office to investigate Planned Parenthood following the July 2015 release of videos in the national media. The videos raised questions about Planned Parenthood's practices nationwide regarding the disposal of fetal organs and tissue.¹ We investigated Reproductive Health Services of Planned Parenthood of the St. Louis Region and Southwest Missouri (PPSLR), the only abortion facility currently licensed in Missouri to perform surgical abortions.

During our investigation, we reviewed more than 3,500 pages of documents and conducted multiple interviews of representatives for PPSLR and its pathology laboratory.² The documents we reviewed include documents from PPSLR and its pathology laboratory for the 317 surgical abortions performed at PPSLR in June 2015.³ For that month, our investigation traced the fetal organs and tissue removed during surgical abortions performed by PPSLR from the surgery, to the statutory pathological examination, to their ultimate destruction.

As a result of our investigation, the Office of the Missouri Attorney General has found no evidence that PPSLR has engaged in unlawful disposal of fetal organs or tissue.

¹ The videos depicted Planned Parenthood executives and facilities outside Missouri.

² This Memorandum does not rely on any confidential or closed information received pursuant to Chapter 407 or 610 RSMo.

³ We selected this month because it is recent; it occurred primarily after the last state re-inspection of PPSLR on June 9, 2015; it occurs during PPSLR's current licensure year; and it occurred prior to the release of the videos.

II. Summary of Findings

At PPSLR, each patient is assigned a unique patient identification number. The number appears on all of the patient's medical records at PPSLR.

When performing a surgical abortion at PPSLR, the surgeon places the removed fetal organs and tissue (hereinafter "fetal tissue") on a tray. Upon conclusion of the surgery, the fetal tissue is immediately placed in a container and formalin, a preservative, is added.⁴ For each specimen, PPSLR affixes a label to the container that includes the surgery date and the patient's unique PPSLR identification number and date of birth.

The container is closed and placed in a plastic bag, which is then sealed. The bag and container are inserted into another plastic bag, which is then sealed, and a surgical pathology requisition form is attached. This form is specific to the pathology laboratory that conducts the statutory examinations⁵ for PPSLR.

For each patient, PPSLR completes the form's sections for patient name and date of birth, the history and clinical features, and the surgery date. In the patient name section, PPSLR writes its unique patient identification number.

PPSLR places the labeled, double-bagged container with the pathology requisition attached into a refrigerator as required by state regulation.⁶ Specimens are collected twice weekly for the statutorily mandated pathological examination.

PPSLR has used the same pathology laboratory for the last decade.⁷ The laboratory bills PPSLR monthly. PPSLR pays the laboratory \$7 per examination. The laboratory conducts the statutory examination, returning

⁴ Formaldehyde, a gas, combines with water to make formalin. The Occupational Health and Safety Standards classify formaldehyde and formalin as toxic substances. See 29 CFR § 1910.1048. Immersion in formalin eliminates any potential transplant value of the fetal tissue.

⁵ See § 188.047 RSMo.

⁶ See 19 CSR 30-30.060(4)(C).

⁷ The Centers for Medicare & Medicaid Services regulates all non-research laboratory testing on humans through the Clinical Laboratory Improvement Amendments (CLIA). The pathology laboratory used by PPSLR was CLIA surveyed most recently in May 2015 and has not received any deficiencies in the last two years.

reports to PPSLR and the state Department of Health and Senior Services (DHSS),⁸ and ensures proper disposal of its medical waste.

For PPSLR specimens, the pathology laboratory receives them in a sealed box lined with a red biohazard bag. The laboratory technician opens the box and removes each specimen. The technician verifies that the patient-identifying information on the specimen label and requisition match.

For each specimen, the technician logs the receipt of the specimen container and the accompanying requisition by affixing them with stickers. Each container and each corresponding requisition receive a sticker with an identification code known as an accession number. The unique accession number affixed to the specimen container and its corresponding requisition appears on the surgical pathology report sent to PPSLR, which is copied to DHSS, and which also becomes part of the patient's permanent record at PPSLR as statutorily required.⁹ Each accession number also appears on the itemized monthly invoice from the pathology laboratory to PPSLR.

As required by statute and regulation,¹⁰ the pathology assistant performs a gross examination of the specimen, which is reviewed by the pathologist. The assistant re-verifies the patient information and accession numbers on the specimen container and the requisition. Upon conclusion of the examination, the specimen is placed back in its container, which is placed in a large red biohazard receptacle. The laboratory places fetal organs and tissue in a waste receptacle separate from other laboratory waste.¹¹

The laboratory's medical waste disposal service retrieves the waste onsite twice weekly. The disposal contract, executed in September 2010, caps the amount of waste at each pickup at three 31-gallon containers of incinerable pathological waste. The disposal company charges the laboratory a flat fee of \$570 monthly for its services.

For each pickup, the disposal service completes the top page of a quadruplicate medical waste tracking document, and the information is verified by an employee of the pathology laboratory. The waste tracking document states the type of waste; the number of containers collected; the total weight of the containers; who is transporting the waste, including the

⁸ See § 188.047 RSMo.

⁹ See *id.*

¹⁰ See *id.*; 19 CSR 10-15.030.

¹¹ See § 194.381 RSMo.

waste transportation permit numbers; where it will be destroyed, including the waste destruction permit number; the date the waste is picked up; the printed and signed name of the individual receiving the waste on behalf of the waste disposal service; and the printed and signed name of the individual verifying pickup for the laboratory.

At pickup, the laboratory retains a copy of the waste tracking document that includes a blank certificate of destruction. Upon destruction, the disposal service completes the certificate by stamping that the waste has been “received/treated/destroyed,” the name of the company that completed the disposal, the date it was completed, and the name of the individual certifying its destruction on behalf of the waste disposal service.

The disposal service then returns the fully completed medical waste tracking document to the laboratory. The laboratory reconciles the incomplete forms in its records to the completed forms on a monthly basis.

III. Basis for Findings

We verified each step of the foregoing process with documentation and interviews of representatives of PPSLR and the pathology laboratory. We received procedure lists from PPSLR documenting every abortion performed there in June 2015. For all 317 abortions, we compared the surgical pathology requisition with the surgical pathology report, matching the procedure date, accession number, and other information.

We reviewed the contract between PPSLR and the pathology laboratory. For each of the 317 specimens from June 2015, we cross-referenced the itemized invoice from the pathology laboratory with the specimen’s accession number.¹² We also reconciled the itemized monthly invoices from the pathology laboratory to PPSLR for June and July 2015 with the corresponding payment from PPSLR.

We reviewed the contract between the pathology laboratory and its waste disposal service. For June and July 2015, we compared the incomplete waste tracking documents the pathology laboratory retained at pickup with the

¹² Because of the interval between the abortion date and the date the pathology laboratory receives the specimen, abortion procedures from May 2015 appear on the June 2015 invoice dated as June 1, 2015, and abortion procedures from June 2015 first appear on the June 2015 invoice dated as June 8, 2015. Likewise, abortions performed June 30, 2015, appear on the pathology laboratory’s July 2015 invoice dated as July 6, 2015.

completed documents it received certifying destruction of the waste. We also reviewed the monthly invoices received by the pathology laboratory from the waste disposal service for June and July 2015.

The attached chart identifies and explains the flow of documents reviewed from the June 2015 sample. The sample documents referenced in the chart are also attached.

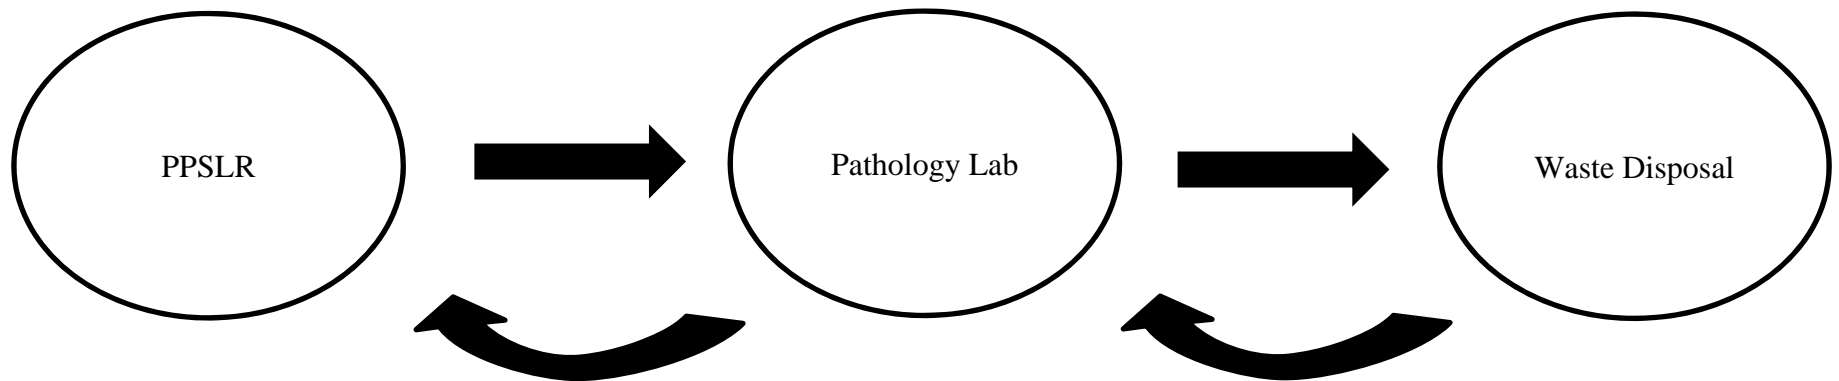

IV. Conclusion

The information and documentation we reviewed did not reveal any irregularities involving the transmission, examination, or disposal of the fetal organs and tissue from surgical abortions performed at PPSLR.

- Contract for pathology services (B)
- Surgical pathology requisition (C)
- Payment for pathology services (G)

- Contract for pathology waste disposal (H)
- Waste tracking document (pre-disposal) (I)

Procedure list (A)

- Surgical pathology report (D)
- Invoice for pathology services for June (E) and July (F) 2015

- Waste tracking document (stamped with disposal certification) (J)
- Invoice for waste disposal services (K)

Surgical Abortion Procedures at PPSLR from 6/1-2015 - 6/30/2015

SERVICE AGREEMENT

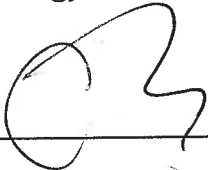

This Service Agreement, Exhibit 1 ("Service Agreement"), to the Confidentiality Agreement is made effective the date of the Confidentiality Agreement unless a separate date is indicated below and is by and between Pathology Services Inc. ("Subcontractor") and Reproductive Health Services, St. Louis_ ("Covered Entity").

For and in consideration of the mutual promises set forth in this Service Agreement, the parties do mutually agree as follows:

1. Obligation of the Subcontractor. The Subcontractor hereby agrees to provide pathology services as follows:
 - 1.1 Micro- \$11.00
 - 1.2 Gross- \$7.00
 - 1.3 Ensure that a copy of the tissue report is
 - a. Provided to the entity
 - b. Filed with the state of Department of Health and Senior Services, no later than the 10th day of the preceding month. The mailing to:
Missouri Department of Health and Senior Services
Bureau of Vital Records
PO Box 570
Jefferson City, MO 65102
2. Obligation of the Covered Entity. The Covered Entity hereby agrees to pay the Subcontractor for the services provided as listed above.
3. Term of Service. The services described in this Service Agreement will be provided during the following period: Annually
4. Termination for Default. Either party may termination this Service Agreement without cause, upon a thirty (30) calendar days written notice to the other party. Otherwise this agreement shall automatically renew for another term.
5. Terms and Method of Payment. Subcontractor will submit an invoice for services provided on a monthly basis. Invoices shall include an invoice number and the dates of service. Payment must be made within 30 calendar days of the receipt of payment request.
6. This Service Agreement may be amended only by written amendment duly executed by the Parties.

7. Governing Law. Missouri law shall govern the interpretation and construction of this Service Agreement.
8. Severability. If any provision of this Service Agreement shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court finds that any provision of this Agreement is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.
9. Entire Agreement. This Service Agreement constitutes and expresses the entire agreement and understanding between the parties concerning the subject matter of this Service Agreement.

Patient Name: **5245,**

Accession #: **R15-08120**

DOB/Age: 11/11/1991 (23)

Client: RHS of PPH, St. Louis

Specimen Taken: 6/2/2015

Sex: Female

Specimen Received: 6/8/2015

Physician: RHS of PPH, St. Louis

Specimen Reported: 6/9/2015

SURGICAL PATHOLOGY REPORT

Specimen(s) Received

POC

Pathologic Diagnosis

FETAL TISSUE CONSISTENT WITH PRODUCTS OF CONCEPTION

lr / 6/9/2015

*****Electronically Signed Out By James R. Miller, M.D. *****

Clinical History

9 WKS 4DAYS

Gross Description

The specimen is received in a single container labeled, "5245 ." Fetal tissue is identifiable.

PAGE _____ OF _____

1. REGULATED MEDICAL WASTE SERVICES. WM Healthcare Solutions, Inc. (the "Company"), itself or through its subsidiaries and affiliates, will provide Customer with collection, management, transportation, disposal, and treatment of all Regulated medical waste (or "Regulated Medical Waste" or "Waste Material"), and not including Nonconforming Waste as defined here, generated by Customer during the term of this agreement. For the purpose of this agreement "Regulated Medical Waste" includes but is not limited to sharps, gauze, bandages, containers, tubing, blood, blood products, trace chemotherapy waste, tissue, specimens generated in the course of diagnosis and medical treatment or medical waste as defined by your State medical waste regulations or the OSHA Bloodborne Pathogen Standard (29 CFR 1910.1030). Customer shall, at the time of tender, provide to Company accurate and complete documents, shipping papers or manifests as required for the lawful transfer of the special or hazardous waste under all applicable federal, state or local laws or regulations (49 CFR 172.302). "Nonconforming Waste" means: (1) any waste or other material not falling within the definition of Regulated Medical Waste including complete human remains; (2) radioactive waste; (3) any listed hazardous waste; (4) containers that are damaged, leaking or could cause harm or exposure to employees, general public or others; (5) waste that has been incorrectly identified, labeled and/or segregated; (6) any waste or device containing mercury including amalgam, vacuum pumps and other medical devices; (7) pharmaceutical waste (except what is accepted by the Company under our pharmaceutical disposal program); (8) boxes that exceed approved Company and DOT standards; (9) any other waste that cannot be collected, transported or treated by the Company in accordance with state and federal regulations, laws and/or guidelines. Customer is liable for all damages and losses resulting from any Nonconforming Waste due to packing or the contents being collected, transported, treated, or disposed by the Company.

2. TERMS OF AGREEMENT; RIGHT OF FIRST REFUSAL. The Initial Term of this Agreement shall be 36 months, commencing on the Effective Date set forth below. This Agreement shall automatically renew thereafter for additional terms of thirty six (36) months each ("Renewal Term") unless either party gives to the other party written notice of termination at least ninety (90) days prior to the termination of the then-existing term, provided however, that the terms and conditions of this Agreement shall remain in full force and effect, in accordance with its terms, with respect to any uncompleted or unfinished Service provided for in an Exhibit A, Confirmation Letter and/or Profile Sheet until such Service is completed. Customer grants to Company a right of first refusal to match any offer which Customer receives or intends to make after the completion of any Term of this Agreement relating to any services provided hereunder and further agrees to give Company prompt written notice of any such offer and a reasonable opportunity to respond to it.

3. INSPECTION; REJECTION OF WASTE. Title to and liability for Nonconforming Waste shall remain with Customer at all times. Company shall have the right to inspect, analyze or test any waste delivered by Customer. If Customer's Waste Material is Nonconforming Waste, Company can, at its option, reject Nonconforming Waste and return it to Customer or require Customer to remove and dispose of the Nonconforming Waste at Customer's sole expense. Customer shall indemnify, hold harmless (in accordance with Section 6) and pay or reimburse Company for any and all costs, damages and/or fines incurred as a result of or relating to Customer's tender or delivery of Nonconforming Waste or other failure to comply or conform to this Agreement, including costs of inspection, testing and analysis.

4. COMPANY WARRANTIES. Company hereby represents and warrants that: (a) Company will manage the Waste Material in a safe and workmanlike manner in full compliance with all valid and applicable federal, state and local laws, ordinances, orders, rules and regulations; and (b) it will use disposal facilities that have been issued permits, licenses, certificates or approvals required by valid and applicable laws, ordinances and regulations necessary to allow the facility to accept, treat and/or dispose of Waste Material. Except as provided herein, Company makes no other warranties and hereby disclaims any other warranty, whether implied or statutory.

5. CHARGES AND PAYMENTS. Customer shall pay the rates set forth on Exhibit A or a Confirmation Letter, which may be modified as provided in this Agreement. The rates may be adjusted by Company to account for any increase in disposal or fuel costs; any change in the composition of the Waste Material; increased costs due to uncontrollable circumstances, including, without limitation, changes in local, state or federal laws or regulations, imposition of taxes, fees or surcharges and acts of God such as floods, fires, etc. Company may also increase the charges to reflect increases in the Consumer Price Index for the municipal or regional area in which the Services are rendered. Increases in charges for reasons other than as provided above require the consent of Customer which may be evidenced verbally, in writing or by the actions and practices of the parties. All rate adjustments as provided above and in Section 5 shall take effect upon notification from Company to Customer. Customer shall pay the rates in full within 30 days of receipt of each invoice from Company. Customer shall pay a late fee on all past due amounts accruing from the date of the invoice at a rate of eighteen percent (18%) per annum or, the maximum rate allowed by law.

6. INDEMNIFICATION. The Company agrees to indemnify, defend and save Customer harmless from and against any and all liability (including reasonable attorneys fees) which Customer may be responsible for or pay out as a result of bodily injuries (including death), property damage, or any violation or alleged violation of law, to the extent caused by Company's breach of this Agreement or by any negligent act, negligent omission or willful misconduct of the Company or its employees, which occurs (1) during the collection or transportation of Customer's Waste Material by Company, or (2) as a result of the disposal of Customer's Waste Material, after the date of this Agreement, in a facility owned by a subsidiary or affiliate of Waste Management, Inc., provided that the Company's indemnification obligations will not apply to occurrences involving Nonconforming Waste.

Customer agrees to indemnify, defend and save the Company harmless from and against any and all liability (including reasonable attorneys fees) which the Company may be responsible for or pay out as a result of bodily injuries (including death), property damage, or any violation or alleged violation of law to the extent caused by Customer's breach of this Agreement or by any negligent act, negligent omission or willful misconduct of the Customer or its employees, agents or contractors in the performance of this Agreement or Customer's use, operation or possession of any equipment furnished by the Company. Neither party shall be liable to the other for consequential, incidental or punitive damages arising out of the performance of this Agreement. Customer agrees that the Company shall not be responsible to Customer for damage to Customer's pavement, curbing or other driving surfaces resulting from the weight of vehicles providing service at the Customer's location.

7. UNCONTROLLABLE CIRCUMSTANCES. Except for the obligation to make payments hereunder, neither party shall be in default for its failure to perform or delay in performance caused by events beyond its reasonable control, including, but not limited to, strikes, riots, imposition of laws or governmental orders, fires, acts of God, and inability to obtain equipment, permit changes and regulations, restrictions (including land use) therein, and the affected party shall be excused from performance during the occurrence of such events.

8. ASSIGNMENT. This Agreement shall be binding on and shall inure to the benefit of the parties and their respective successors and assigns.

9. ENTIRE AGREEMENT. This Agreement represents the entire understanding and agreement between the parties relating to the management of Waste Material and supersedes any and all prior agreements, whether written or oral, between the parties regarding the same. Unless otherwise provided herein, any modifications to this Agreement must be agreed to by both parties in writing.

10. TERMINATION; LIQUIDATED DAMAGES. Company may immediately terminate this Agreement: (a) in the event of Customer's breach of any term or provision of this Agreement, including failure to pay on a timely basis or (b) if Customer becomes insolvent, the subject of an order for relief in bankruptcy, receivership, reorganization dissolution, or similar law, or makes an assignment for the benefit of its creditors or if Company deems itself insecure as to payment ("Default"). Notice of termination shall be in writing and deemed given when delivered in person or by certified mail, postage prepaid, return receipt requested. In the event Customer terminates this Agreement prior to the expiration of any Initial or Renewal Term for any reason other than as provided herein, or in the event Company terminates this Agreement for Customer's Default, liquidated damages in addition to the Company's legal fees shall be paid and calculated as follows: 1) if the remaining Initial Term under this Agreement is six or more months, Customer shall pay its most recent monthly charges multiplied by six; 2) if the remaining Initial Term under this Agreement is less than six months, Customer shall pay its most recent monthly charges multiplied by the number of months remaining in the Term; 3) if the remaining Renewal Term under this Agreement is three or more months, Customer shall pay its most recent monthly charges multiplied by three; or 4) if the remaining Renewal Term under this Agreement is less than three months, Customer shall pay its most recent monthly charges multiplied by the number of months remaining in the Renewal Term. Customer acknowledges that the actual damage to Company in the event of termination is difficult to fix or prove, and the foregoing liquidated damages amount is reasonable and commensurate with the anticipated loss to Company resulting from such termination and is an agreed upon fee and is not imposed as a penalty. Collection of liquidated damages by Company shall be in addition to any rights or remedies available to Company under this Agreement or at common law.

11. MISCELLANEOUS. (a) The prevailing party will be entitled to recover reasonable fees and court costs, including attorneys' fees, in interpreting or enforcing this Agreement. In the event Customer fails to pay Company all amounts due hereunder, Company will be entitled to collect all reasonable collection costs or expenses, including reasonable attorneys fees, court costs or handling fees for returned checks from Customer. (b) The validity, interpretation and performance of this Agreement shall be construed in accordance with the law of the state in which the Services are performed. (c) If any provision of this Agreement is declared invalid or unenforceable, then such provision shall be deemed severable from and shall not affect the remainder of this Agreement, which shall remain in full force and effect. (d) Customer's payment obligation for services and the Warranties and Indemnification made by each party shall survive termination of this Agreement.

AGREED & ACCEPTED on Sept 15, 2010 ("Effective Date")
